Teaching and Learning Technologies (TLT)

Update to CIO Council

November 30, 2015 | 2:00 – 3:30 | Smith 561

Agenda

1. Provide high-level program update with a focus on Canvas roll-out.

2. Review Harvard's platform strategy and current state.

3. Outline Course iSite sunset plans.

4. Share TLT engagement channels at Schools.
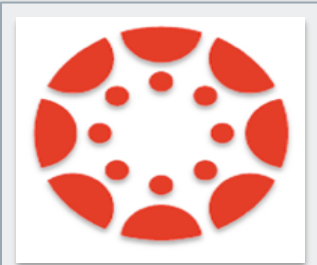

5. Answer questions.

High-Level Program Update

#	Work Stream	Current / Upcoming Work	Status
1	Provide Core Teaching and Learning Technologies	• Running Canvas (>97% migrated!). • Piloting Canvas Catalog with three Schools. • Exploring platform needs for extended education. • Engaging in work related to iSites sunset.	**GREEN**
2	Support Pedagogical Innovation and Research on Learning	• Continuing development work (e.g., course emailer). • Engaging with IPS on Core Canvas backlog items. • Working on spring HarvardX Hybrid pilot. • With VPAL, validating Canvas data in support of research.	**GREEN**
3	Establish Harvard Teaching and Learning Community	• Engaging with Schools at multiple levels. • Hosting December Canvas Governance Group meeting. • Hosting December Coffee & Canvas. • Participating in HILT's TLC meetings and events.	**GREEN**
4	Cultivate Developer Community	• Hosting January academic developer meeting. • Consulting with Schools on LTI development. • Working with student developer on AskUp project.	**GREEN**
5	Deliver Program	• As staffed as we are going to be. • Progressing with guidance from TLT executive committee. • On track to finish program on time and under budget.	**GREEN**
6	AcTS activities	• Collaborating on re-integration planning and AcTS 2.0. • 79% of standard iSites have been migrated or retired.	**GREEN**

Harvard's Platform Strategy

~~Offer a single platform for all teaching and learning needs (residential and online)~~

Provide **multiple platforms** – with ability to re-use content, interoperability and extensibility across platforms, and access to data – to support Harvard's residential and online teaching and learning needs

Current State of Platform Use

Residential	Extended Learning *		MOOC
	Chan		
	DCE		
	FAS		
	GSD		
Canvas	GSE	OPENedX	**edX**
	HBS	HBX salesforce	
	HDS		
	HKS	OPENedX	
	HLS		
	HMS	OPENedX	
	Paulson		

Could include executive education, professional education, online learning experiences offered to learners outside the Harvard community

Platform Extensibility / Interoperability via LTI

- LTI = learning tools interoperability

- Both Canvas and edX accept LTI

- TLT has made edX an LTI provider (creating ability to bring edX content into Canvas)

- Many third-party LTI tools available

- Instructure uses LTI tools as part of the Canvas platform

- 7+ schools have built ~21 LTI tools

- TLT consults on LTI development

- Developer community emerging
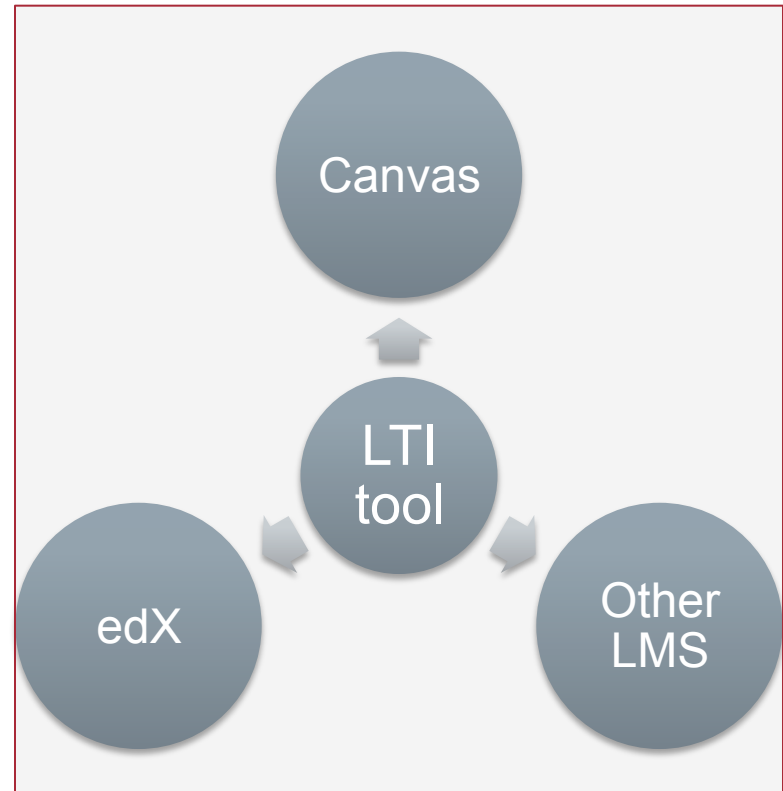

Harvard Course iSite Retirement

Important Dates:

Now through June 30, 2016
All Course iSites should be migrated to Canvas for future availability/access.
Canvas site can remain unpublished.

July 1, 2016
All Course iSites will enter read-only mode.
No changes can be made to Course iSites after this date.

August 1, 2017
Course iSites will be retired.
No access to Course iSites past this date.
